“On a par with recent vintages, this Cab is soft and pleasant, with ripe cherry, blackberry, raspberry and herb flavors that are well oaked”

Arbios Cellars focuses on a single red wine, made from 100 percent Cabernet Sauvignon grapes grown on a mountain top vineyard in the Alexander Valley of Sonoma County. Arbios Cabernet Sauvignon is crafted in classic Bordeaux-style to have moderate alcohol and good fruit character. Although Bill has a successful track record crafting blended wines, he now prefers the additional challenges and artistry that go into making wine from a single vineyard.
